April 17th: Scott Malyk Will Speak at "2019 Immigration Conference"

Attorney

Scott R. Malyk

Each year, NJICLE's comprehensive Immigration Conference provides an in-depth exploration of the most pressing concerns confronted by Immigration Law Attorneys, Employment Lawyers, Human Resource Representatives and In-House Counsel, and offers effective strategies for dealing with those concerns. This is New Jersey's top Advanced Immigration event!

The 2019 Immigration Conference presents a rare opportunity to hear directly from heads of the governmental agencies (Ombudsmen of USCIS, CBP, ICE, CIS, DOS) who directly affect immigration/labor policy and procedure. You won't find a better opportunity to catch up on all of the latest developments - this one-day program is packed with information that will help you navigate changes in the law and meet current challenges.

This year we will be reviewing recent and significant changes to US immigration policies and how they will shape America's immigration policy going forward. Representatives from various key governmental agencies responsible for implementing these changes, together with prominent attorneys who are involved with organizations that have been spearheading many of the efforts to address issues under the new administration, are expected to attend. Don't miss out on this essential advanced annual immigration conference - make your plans to attend today.
